

Call for Teachers – On-line Tutoring Initiative

In an attempt to help students who want to improve their English, the Ministry of Education has initiated an on-line learning support center.

The support center will offer different options of help for students:

1. Instant support – Students can be helped immediately when encountering problems involving homework or preparation for exams.
2. Private lesson – These lessons are pre-scheduled by the student asking for help in a specific area e.g. writing compositions.
3. Group lessons – pre determined or tailored for specific learners' needs.

We invite you, English teachers who have been teaching English or preparing students for Bagrut exams (3-4-5 points) during the past four years or more, to become part of a team of teachers who will be giving on-line support to students. This is indeed a very special opportunity to be part of this groundbreaking project.

Additional information:

- Tutoring will take place on-line between 16:00-21:00 (a teacher may choose to take only half of this shift).
- A teacher has to commit her/himself for at least two days a week.
- The following equipment is necessary for participating in the project: Wifi, headphones, microphone, webcam.

For questions please contact: ruti@learnonet.com

Interested in taking on the challenge? Apply via this [link](#).

If you are found suitable to take part in this project, you will be contacted for an on-line interview. When hired, the teachers will be supported and paid by Elnet, a company contracted by the Ministry.

Looking forward to meeting you online!
